Odu Ifa

Odù Ifá

These are the 256 Odù Ifá. The first are the 16 Meji, or Oju Odù. The next 240 Odù Ifá are combinations of the first 16.

The Odù Ifá are patterns of binary code, opened and closed nodules, which represent all of the energies contained in Igba Iwa, The Calabash of Existence, or the Universe.

These are the universal energies that give birth to all given circumstances and situations, all the blessings and misfortunes of the universe are contained within them. They hold the key to all the blessings and all the misfortunes of life and death. The Odù themselves are the oracles of the Yorùbá divination systems of Ifá, Obi, and Merindinlogun.

It is through the knowledge of these energies, called Odù Ifá, that Babalawo and Iyanifa are able to work with individuals to achieve the greatest potential of their destiny. It is through these Odù Ifá that priests and priestesses of Orisa can help people to repair their Ori's and better themselves.

The Odù Ifá are like blueprints to all the energies possible in the universe. Each has verses of esoteric knowledge associated with it along with medicines, rituals, and sacrifices that accompany each of the 256 Odù.

Included in this listing of the 256 chapters of Odù Ifá are the names and aliases of the Odù as taught in my lineage of Ifá, which is from Oyo State, Nigeria. Please note that the names and fixed esoteric order of the Odù Ifá may differ from lineage to lineage.

Ifa, do you not deserve praise? Ifa, you really deserve praise! The life of the Moon is more pleasant than that of the Sun. It does not smart the body, It does not bite the body. Also, it is not painful to the body. -Sacred Odu Ifa Oyeku Ofun

Thank God, with work like these there is hope that our heritage will not be lost to the western believe and custom. I recently discovered that my Ifa is ogundabede. Pls can u let me no the attributes of ogundabede, the do and don'ts to succeed in life, I've missed a lot of opportunities in life and time is running against me. I'll be delighted if u can do this for me. Edumare a gbe wa oo.

According to your odu ifa(ogundabede). Eke ori obo, origidipi awo oro adiafawon won ni korubo tori arun eyin. Won ni okaranle ebo ni komase. Don't always say the truth in everything. Be sure to involve lots of lies in your sayings and you will never be prosecuted, besides, you will become succesful in life fast. TASIRU

Ogundabede is odu ifa that works for people who must or is involved in not a legal business. If you have been working in a company you are only wasting your time. Ogundabede was a thief that was successful in his business.

On the contrary, OGUNDADEDE is an ODU IFA that requires one to be truthful and upright. It says that through patience and good character, success will be guaranteed.

Don't worry I think IFA has already been contaminated like the rest of the major religions. However, the born natives that still have their heart on the Altar of IFA and the required discipline for the knowledge and wisdom still have it intact unpolluted.
